Important Notice: This control product is to be used only in accordance with the directions on the label. Please read and follow all label directions carefully. [This document is not a label.](#)

Active Ingredients:

Pyrethrins.....0.5%
Piperonyl butoxide.....4.0%

PCP #: 16282

Classification: Domestic

Pro Aerosol is recommended for the control of flies, mosquitoes, wasps, silverfish, cockroaches, fleas, ants, spiders, crickets, bedbugs, gnats, adult moths, and accessible stages of stored product insects.

- May be applied in both non-food and food areas of food handling establishments.
- Use in food processing plants, warehouses, bakeries, beverage plants, restaurants, supermarkets, hotels, hospitals, schools, homes, transport vehicles.
- Use to flush insects from their harbourage areas prior to treating with residual insecticides.
- Applications may be repeated as necessary.
- May be sprayed directly on mattresses for the control of bedbugs.
- Comes with crack and crevice tool for precise applications to hard to reach areas.

Directions for use

For the control of flying insects indoors close doors and windows of room. Direct mist upward to all parts of the room, especially windows and other light sources. Apply for 3 to 5 seconds for every 30 cubic metres of space. Keep room closed for 15 minutes after treatment.

To control bedbugs spray mattress lightly, paying particular attention to seams and tufts. Take beds apart and spray the frames, springs, and all joints. Also spray cracks, crevices, and other possible hiding places around the room. Repeat as required.

To control fleas spray pet's bedding and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where fleas may be present. Do not treat animals with this product.

For the control of crawling insects spray hiding places such as baseboards, openings around sinks, drains and pipes, and behind cabinets and storage areas. Spray directly on insects and where insects are present.

Precautions

Keep out of reach of children. Avoid contact with skin, eyes, and clothing. Avoid inhalation of spray. (See label for additional information)
